

The 2nd Annual ALL MERMAID Edition!

Don't let the waves of others drown out your ocean song. Hold your heart as though it was a seashell - and listen to it. Listen to its music, to the whispers of your ocean within.

And then swim.

a Message from the Mermaid and the FrostbitFins Pod

Happy March - and St. Patrick's Day, FeatherFins!

Wow! It is March already. Spring is peeking around the corners - and the sun is warmer on my fins than it has been for months! The kids are headed into Spring Breaks, and each day is longer than the last. I love this time of year!

February was an absolute Splash for us, as we started with the Valentine's Cheer Bazaar, had a couple of parties in the middle, and ended with the Love of Reading community event at Mountain View Elementary. We had a great time visiting 8 different classrooms and sharing our love for reading! AnneMeridia brought some of her favorite books - including the one on the *Let's Read!* panel on this page. Mermaid and Me is a story of friendship between those of land and sea, and the Magic we share with each other. Check it out today!

We received some exciting news for our mermaid this week. As the International Miss Mermaid competition has been postponed until late this year, AnneMeridia's reign as Miss Mermaid Alaska has been extended through 2022! We are so excited as she continues to spread awareness of her platform - Early Childhood Water Safety - and look forward to many more opportunities to share her love of Alaska's waters with all of her FeatherFins!

Looking forward - we're excited to start preparing for May's Seward Mermaid Festival, and the summer Mermaid Season. Be sure to follow us on Facebook and Instagram to see where we'll be appearing next!

With Mermaid wishes and Starfish kisses,
Your Seafriend, AnneMeridia
and the FrostbitFins pod

We had a wonderful time at Mountain View Elementary School sharing our Love of Reading for their Community Readers event! It's not every day a Mermaid swims in to share her favorite stories, after all!

LET'S READ!

AnneMeridia's Favorite Mermaid Tale is: Mermaid and Me

by Soosh

A young girl has always loved Mermaids. Every day she wishes she could be friends with one. And on one magical day, her wish comes true. Nestled on the beach, a place between their two worlds, these unlikely friends discover imaginative ways to go on many adventures. But will one stormy night drive them apart?

- The gemstone aquamarine is said to be made from the tears of mermaids.
- There are many types of mermaids- sirens, water nymphs, oceanids, merrows, morgens, ceasgs (“kee-asks”), selkies, and many more.
- Some mermaids have powers like telepathy, seeing the future, and hypnosis.
- The mermaids of Weeki Wachee Springs in Florida have been performing shows for the public since 1947.
- Folklore says Pirates used to leave books on the end of the dock, to pay Mermaids for safe passage over the water. This explains their love of reading!
