a Message from the Mermaid and the FrostbitFins Pod

Hello, my FeatherFins!

Let it snow, let it snow, let it snow!
It's a chilly wintery wonderland out there, isn't it? What a great time to play in the snow! Have you made a snowman yet? Snow angels? Share it with us on Facebook or Instagram and we may feature you in next month's flyer!

October sure was busy, and for Halloween, we saw SO MANY OF YOU in your costumes! We saw dinosaurs and ladybugs, snails and squirrels, super heroes and Highlanders, pumpkins and Scoobydoo's and mermaids and pirates and too many others to name! We had a ton of fun, and hope you all did too!

November will see us at several vendor shows for the upcoming Christmas season.

Nov. 5-6: What Women Want @ SoHi

Nov. 25-27: Black Friday at Peninsula Center Mall in Soldotna

Dec. 2-4 & 9-11: Christmas Bazaar at the Old Carrs Mall in Kenai

Dec. 16-18: Procrastinators Event at the Peninsula Center Mall

AnneMeridia may make appearances at some of these events. We'll keep you updated on times and such on our Facebook and Instagram accounts, so check in often! We will have all of our merch available at each event - including the Marvelous Mermaid Munchies, bathbombs and stickers, etc - doing our best to be your one-stop mermaid shop! Sea you there!

Until next time....

Your Seafriend, AnneMeridia and the Frostbit Fins Pod

Halloween FeatherFin Fun!

Monica and the Tuna by David Nowlen II

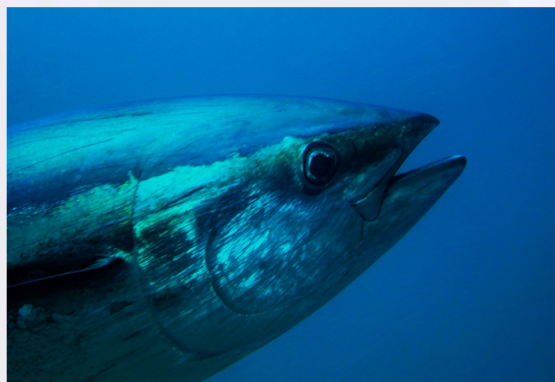

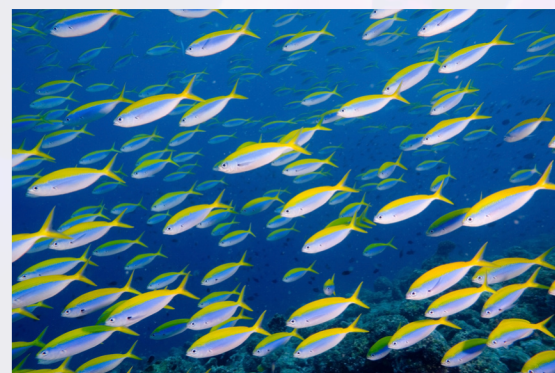

One day in Mid-April Monica receives a late birthday present from her traveling best friend, David. It turns out to be a giant Tuna fish! But he's not a happy Tuna but a very grumpy tuna. Monica must overcome the struggles of such a large grumpy pet. She'll have to name him, feed him, and walk him! Making sure his food is fishy and his water salty, she sets off on this journey.

NOVEMBER FIN FACTS WITH

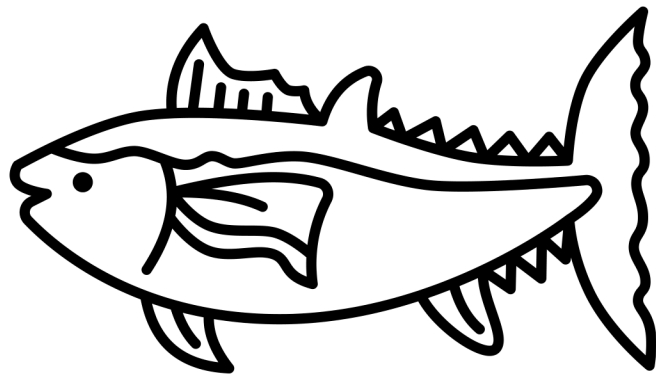

TUNA

- There are 7 major species of true tuna: albacore, Atlantic bluefin, bigeye, yellowfin, southern bluefin, Pacific bluefin, and skipjack.
- There are 15 species of minor tuna, including: little tunny, frigate, bullet, black skipjack, kawakawa, longtail, and blackfin.
- The bluefin tuna is the largest species of tuna. It can grow up to 14 feet long and weigh upwards of 1,400 pounds!
- Unlike other types of fish, a tuna can keep its body warmer than the temperature of the surrounding water.
- Tuna are one of the fastest swimmers in the ocean. The yellowfin is the fastest of them all.
- Tuna can be found in the Atlantic, Pacific, and Indian oceans.
- Tuna often travel alongside dolphins. The tuna use the dolphins as protection against sharks.

Guppy Goodies

Low-Carb Creamy Tuna Boats (keto, grain-free, gluten-free)

Tuna Cucumber Boats

Ingredients:

- 1 4 oz can tuna in water
- ½ small red onion, finely diced
- 3 tablespoons mayonnaise
- ½ teaspoon Dijon mustard
- 1 large cucumber or 3 mini cucumbers, peeled and seeds removed
- 1 medium green onion, sliced

Directions:

- Have an adult help prepare the ingredients that need use of a knife or other tools: drain the tuna, finely dice the red onion, slice the green onion, peel the cucumbers, and slice the cucumbers lengthwise.
- Use a spoon to scrape out the seeds from the cucumbers.
- In a bowl combine the drained tuna, red onions, mayonnaise, and mustard.
- Fill the cucumber boats with the tuna mixture.
- Sprinkle the sliced green onion on top and serve.

Fin Funnies!

What do you call a backwards tuna?

A nut!

Did you hear about the evil tuna?

He was rotten to the albacore!

Why are tuna easy to weigh?

They have their own scales!
